

SPEEDNET

Auditor™

End-to-end

AI Governance Platform

Automated, Real-time:

monitoring of AI models

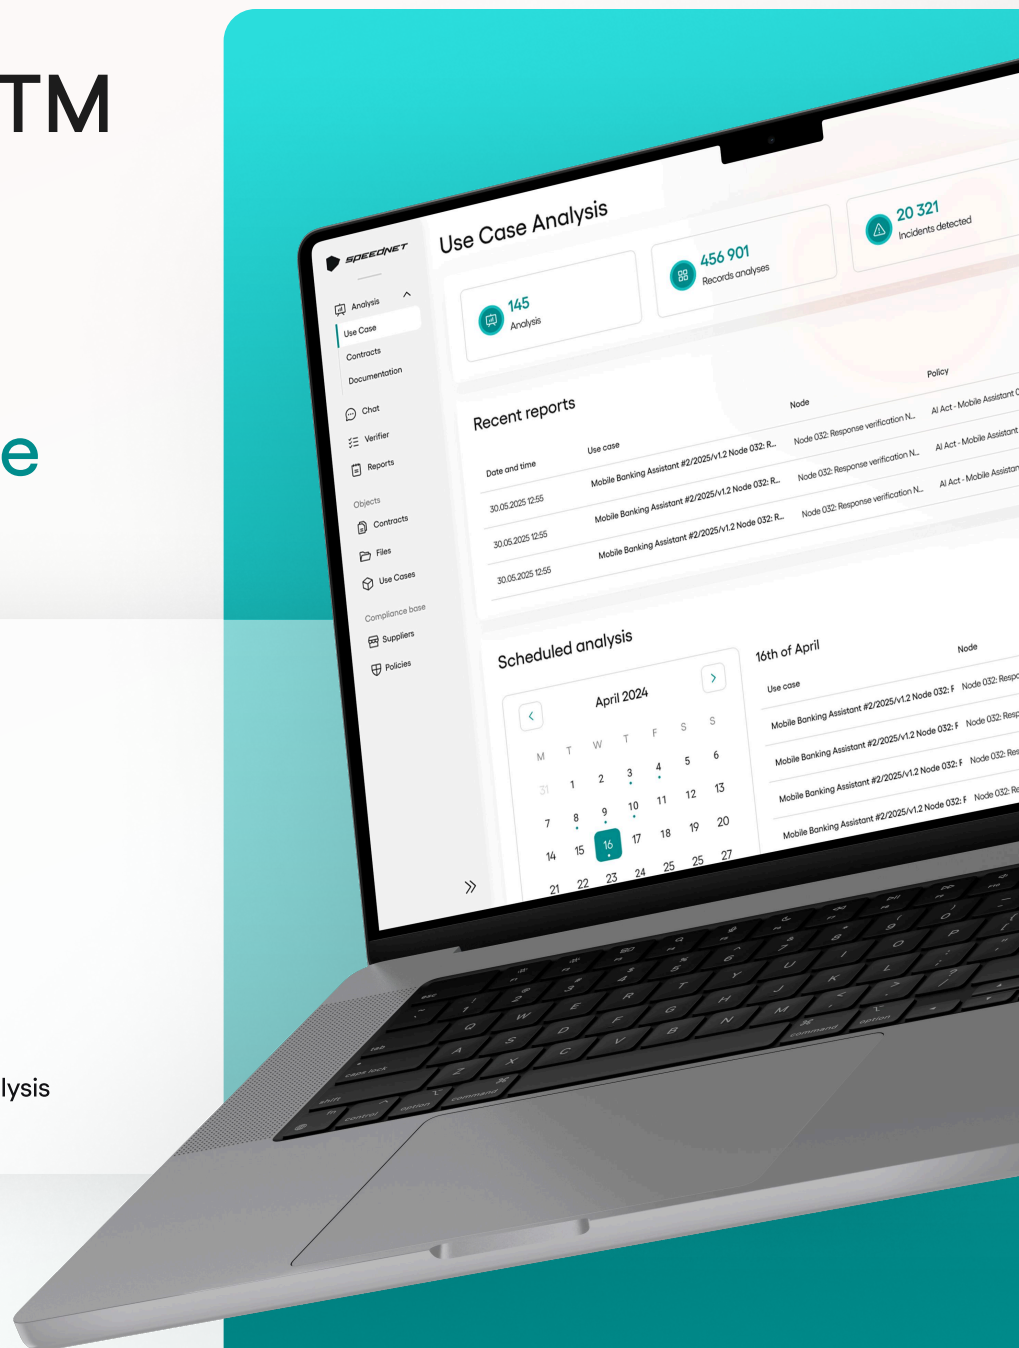

compliance reporting

fine-Tuning

documentation gap analysis

ISO:42001
compatible

**Complete, 60% cheaper governance
of all your AI Systems**

AI Governance doesn't have to be expensive!

Average EU enterprise company pays **€ 118.500 per AI model every year** for testing, monitoring, fine-tuning and compliance auditing (AKA governance).

Speednet Auditor automates these processes reducing 60% of the cost.
